Emmaville Central School boasts a highly qualified staff that deliver a broad range of subjects from Years 7-12. Small class sizes allow teachers to cater for individual needs, ensuring that every student reaches their potential. Our school is equipped with outstanding technology that teachers integrate into lessons to engage our modern learners. ECS has an embedded program of PBL, Positive Behaviour for Learning, that contributes to the proactive learning environment here. Students gain a broad and fulfilling education at ECS that will equip them for life beyond school.
Years 7/8

Students in 7/8 study a wide variety of subjects that include:

Mandatory subjects are:

- English
- Mathematics
- Science
- Geography
- History
- PD/H/PE
- Sport

Elective courses:

- I.T- Timber
- I.T- Metal
- Food Tech
- Visual Art
- History (elective)
- LOTE (Languages)

Years 11/12

Our 11/12 program is unique and enables students to follow a pattern of study that suits their needs and allows them to access any subject they wish.

A combination of delivery is used to teach 11/12. English and Mathematics are delivered by teachers at ECS and other subjects are offered through the Dubbo School of Distance Education, in which case students have a teacher at Dubbo to deliver the material and a teacher face-to-face at ECS who facilitates learning.

Students can also pursue pathways such as School Based Apprenticeship and Traineeships whilst studying for their HSC at Emmaville Central.
